

School Expense Allowance

This allowance is for supporting families who have financial difficulties with paying for expenses associated with their children's school supplies or lunch fees.

1. Recipients

Families that meet the three points below can apply for the allowance:

- Those who live in Oyama (City),
- Those who have children that currently attend elementary, junior high or a compulsory education school (ES/JHS/CES) located in Oyama (City),
- Those who are under livelihood protection (recipients), or whose financial situation is considered to be as difficult as recipients and are found to be in need of support by the Board of Education (potential recipients).

【Criteria for recognition of potential recipients】

The Household income for the previous year was below 1.2 times of the base amount needed for livelihood protection.

※” Household” here means everyone who is dependent upon the income provider(s) whether they are registered as a family member or not.

※The base amount needed for livelihood protection depends on the number and age of family members and whether you pay rent on your residence or not.

※Loans (such as mortgages) will not be taken into consideration.

※If you change from a renter to a house owner, the base amount of this allowance will be reduced and approval may be cancelled (It does not mean that house owners cannot be approved).

※After application, your household income in the previous year will be investigated. If you have not done an annual adjustment at your work place, please declare your income.

※The income of all the members in your household must be declared.
